Sir:

RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This is in response to the Notice of Non-Compliant Amendment dated January 17, 2007 alleging that the amendment submitted on January 3, 2007 did not include a complete listing of the claims or provide status identifiers for each of the claims. The records of Applicants' representative show that a complete listing of the claims with appropriate status identifiers was in fact transmitted to the USPTO. However, it appears from an inspection of the USPTO image file wrapper for this application that the transmission became garbled so that only partial images of certain pages were received. Consequently, the previously-filed amendment is reproduced below in response to the Notice.

In response to the office action dated July 3, 2006, please amend the subject patent application as follows:

Amendments to the Specification begin on page 3.
